About the Authors

Established in December 2003, Hong Kong Dolphin Conservation Society ("HKDCS") is the only society dedicated to the conservation of whales, dolphins and porpoises of Hong Kong. We hope to raise public awareness about cetaceans in Hong Kong and all over the world. We take solid actions and motivate public engagement in our educational and research work. HKDCS has been recognized as a charitable organization, with Inland Revenue file number 91/7756.
